**CARE is at
the center
of everything
that we do.**

It was always a pleasure to attend the Employee recognition event. This year will be different for all of us. But one thing remains the same and that is our gratitude and appreciation to our employees. You are on all three shifts doing all kinds of jobs with various lengths of service. We could not have made it this far in the pandemic without your dedication and support to all our residents by keeping them and yourselves safe. Every day I think of you and sincerely thank you.

JOYCE JORDAN
Chairperson, Board of Directors

At Citizens Care and Rehabilitation Center, people are the fundamental part of our business. Cheerful, caring people with big hearts, who care deeply about our residents and guests. We believe what separates Citizens from other facilities is our staff. Our staff defines the Citizens Care experience for our residents, guests and their families. I wish to thank all service award recipients for everything you do to care for our residents and guests each and every day. You exceed expectations daily!!! You are what makes Citizens a top-notch facility and I THANK YOU. Looking forward to many more years of continuing to work together as a dedicated team to reach always for the better way.

I want to take this opportunity to thank each and every person being recognized for their years of service. All departments Administration, Nursing, Dietary Services, Environmental & Laundry Services, Materials Management, Social Work, and Maintenance are so important to the success of this facility. In today's working environment it is amazing to see staff stay with a company for 40, 30, 20, 15, or even 5 years. We are obviously doing something right and you are a part of it. Congratulations and Thank You!

DARRICK E. DEBOARD, SR.

Director of Dietary Services

THERESA GEBHARDT

Director of Environmental Services

Congratulations on your years of service to CCRC. You all have demonstrated commitment, passion and care. Each one of you is part of what makes Citizens Care & Rehabilitation Center a great place to live and work.

JANET MCDONALD

Director of Volunteers and Public Relations

Like so many things this year, our employee recognition looks a little different. But not even a pandemic could stop us from celebrating and thanking all of you. Congratulations to all of the employees celebrating their anniversary. There are so many things that make Citizens unique, but one is most definitely the longevity of its employees. It is impressive to me to see so many people that dedicate their time to Citizens and celebrate 5, 10, 25 or even 30 plus years employed here at Citizens. I believe this says a lot about Citizens but even more about those that have chosen to work here for such an impressive period of time. It takes dedication, commitment, patience and loyalty to give anyone or any one employer so much of your time. Thank you for your time. We expect our employees to follow our mission. We ask you to help create a home like environment, reach for the better way no matter the circumstances, add hope and purpose and elevate dignity by what you do and say. You should expect the same from Citizens. I hope that we have honored the same to you. My goal is to treat each employee as my work family, being empathetic yet fair. Adding hope in times that seem difficult, like the days we have been currently living. Reaching for the better way when frustration and conflict arise and by remaining calm and collected so we can together maintain a dignified environment. Working together day in and out is work in and of itself. It takes a team of individuals that make each day easier. Each of you bring a unique characteristic to the table and make Citizens the truly unique place that it is. Thank you for choosing Citizens as the place where you commit your work time. We truly could not do it without each of you. Congratulations on this anniversary and I hope we are lucky enough to celebrate many more in the years to come.
