

January 5, 2021

To Residents and Family Members:

Just a short note to let you know that we had a Nursing Employee on the Tidewater Cove Unit that became ill while on duty Monday evening, January 4th. The employee was POC tested for COVID-19 and the test results were positive. The employee was sent home immediately.

We administered POC COVID tests on all residents on Tidewater Cove this morning, January 5th. The test results for all Tidewater Cove residents were negative.

Also, we administered PCR COVID tests on all residents in the facility today, January 5th. Test results are expected by this weekend.

As usual, all employees were tested Monday and will again be tested Thursday. You will receive notification if any residents or employees test positive.

Thank you for your support during this pandemic.

Sincerely,

A handwritten signature in blue ink that reads "Peter A. Panos". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Peter A. Panos
