

February 19, 2021

Update on COVID-19 test results for residents, employees and contractors on Friday, February 19th.

As usual, all residents, employees and contractors are tested for COVID-19 on Monday & Thursday of each week. On Monday we administer PCR tests and Thursday we administer POC tests. We have also been administering POC tests daily for employees and contractors that work on affected units. Since our last communication, February 8th, we have had 100% negative test results for residents, employees & contractors. Looking back, our last positive COVID-19 test result was 12 days ago on February 7th.

Upon guidance from CMS and new guidance from the State of Maryland, we are in the process of preparing for the resumption of visitation, as early as March, 2021. I should be able to provide additional information on my next communication on February 26th.

If you have any questions or would like additional information, please contact:

Cassie Evering, at Ext. 2100 or email Cassie_Evering@CitizensCareCenter.com

Pete Panos at Ext. 2101 or email Pete_Panos@CitizensCareCenter.com

Sincerely,

Peter A. Panos
