

December 3, 2020

To Residents and Family Members:

Hello to all. Before I start, I want to apologize for the barrage of numbers covering the last 4 weeks of COVID-19 Employee test results I'm about to report. We have been experiencing a delay in the receipt of test results from the lab we were contracted with to test our employees. Starting Monday of this week, we are using the same lab to analyze our COVID test samples for Residents & Staff.

Upon requests from residents & family members, we have made the following change to the existing policy of requiring certain items to be sent through the mail. Starting Friday, December 4th, it will no longer be required that packages be sent through the mail or a delivery service. We will begin accepting packages or gifts from Family members at the Main Entrance. Food and flower arrangement deliveries are still prohibited.

As of Thursday, December 3, 2020, we have received COVID-19 test results as follows –

Residents

- **December 1st**, 104 Residents were tested for COVID-19, **(100% Negative)**.
- **November 24th**, 103 Residents were tested for COVID-19, **(100% Negative)**.
- **November 17th**, 101 Residents were tested for COVID-19, **(100% Negative)**.
- **November 9th**, 97 Residents were tested for COVID-19, **(100% Negative)**.

4 Weeks of 100% Negative Test Results for Residents!!

Employees

- **November 30th**, 170 Employees tested negative & **1 Employee tested Positive**.
- **November 25th**, 174 Employees tested negative & **1 Employee tested Positive**.
- **November 23rd**, 173 Employees tested negative. **(100% Negative)**.
- **November 16th**, 182 Employees tested negative & **2 Employees tested Positive**.
- **November 9th**, 182 Employees tested negative & **1 Contractor tested Positive**.

Sincerely,

Peter A. Panos

Administrator
